Objective

Secure a responsible career opportunity to fully utilize my training and skills, while making a significant contribution to the success of the company.

Experience

- **Testbook.com** 3rd February 2020 - 1st June 2020
Content Writer
I worked in the content marketing team of testbook.com. I was actively working with the SEO team as well for ranking the pages. Since I'm a candidate who is preparing for government exams as well I had a pretty decent idea about all the exams and difficulties faced by the aspirants. The exam preparation strategy blogs for various exams are ranking in the top page of Google and had a very positive reviews from the aspirants as well.

Projects

- **Automatic Screw Jack**
Created an automatic Screw Jack that could lift heavy vehicles without much effort
- **Plasma Carburisation Simulation**
Created plasma simulation with the help of software. The results were highly appreciable and helped me to bag an award (runner up) in technical presentation held at NIT Puducherry
- **Vortex Index Vibrations In Marine Risers**
It was one of a kind of project since lots of research has been going in this field. The analytical results were close to the experimental one performed in matlab. Recieved huge appreciation for the same by jury members
