ABOUT ME

① I am a dynamic Finance Analyst with three years at Amazon and an MBA in Finance. Passionate about driving organizational growth, I specialize in budgeting, data analysis, and strategic reporting. I excel in navigating complex financial landscapes with precision and insight. I am eager to leverage my background to drive financial success and operational excellence in new opportunities.

WORK EXPERIENCE

① FINANCE ANALYST | MAR 2021 - PRESENT

AMAZON DEVELOPMENT CENTER PVT LTD., HYDERABAD

- Performed variance analysis to pinpoint the main factors influencing financial performance and offered practical suggestions for enhancing efficiency and earnings.

- Prepared monthly, quarterly, and annual financial reports for senior management, highlighting key insights and areas of concern.

- Collaborated with department heads to create and monitor departmental budgets, ensuring alignment with overall corporate objectives.

- Conducted profitability analysis for product lines and business segments, identifying opportunities for margin improvement and cost reduction.

- Assisted in the annual budgeting process, collaborating with department heads to gather input and ensure alignment with corporate goals.
