## ABOUT ME

I was born and brought up in Ujjain District .During my school days , I used to be an above average student and having great relations with numbers and language . From there I was having strong inclination towards teaching . I used to teach my batchmates during my school days , then to continue my passion started my own YouTube channel and started building my blocks of concepts for various competitive fields. After completion of graduation appeared in various exams in 2023 and scored almost near perfect marks .
